

You applied!

What can you expect next?

- You will receive your APC lottery results on **February 8th, 2027.**
- APC is a **rank and match lottery**, and your student will receive the highest ranked school offer possible.

WHEN YOU RECEIVE YOUR LOTTERY RESULTS, YOU WILL SEE ONE OF THESE OUTCOMES:

Outcome 1

Your student is offered a seat at the school **ranked #1** on their application.

Applicants assigned to their #1 rank receive no other offers and are not placed on any waitlists.

Outcome 2

Your student is offered a seat at a school **ranked #2 or below** on their application.

Applicants assigned to a school that is not their first choice are placed on the waitlist of all schools they ranked higher.

Outcome 3

Your student receives **no school offer.**

Applicants who cannot be assigned to any of the schools they ranked will be on the waitlist for all of their ranked schools.

Applicants who receive an offer have to log into APC and **accept their placement by February 22nd, 2027.**

If you do not accept your placement by **February 22nd**, the offer will be **automatically declined.**

ONCE YOU ACCEPT YOUR OFFER:

Don't Forget

Complete registration with your child's new school.

Contact your child's current school to complete the withdrawal process.

IF YOUR CHILD IS ON A WAITLIST, HERE'S WHAT YOU CAN EXPECT:

You can log into APC to check your waitlist status at any time.

If a seat becomes available for your child at a school they are on waitlist for, you will receive a notification from APC.

You will have a limited number of days to accept the waitlist offer from APC. If you do not accept the offer by the deadline given, the offer will be automatically declined.

PRO-TIP:

Sign up for both email & text notifications on APC! Change your settings at any time.

WHAT IF SOMETHING CHANGES AND YOU WANT TO APPLY TO A DIFFERENT SCHOOL?

You can submit a post-deadline application on APC!

Post-deadline applications are NOT ranked. Instead, they are first-come, first-served.

If you apply to a school that already has a waitlist, you will be placed on the waitlist based on the time and date of submission.
